

Preliminary COVID-19 Safety Plan: 2022 Summer Camp Program

The health and safety of our campers and staff are at the top of our minds as we prepare to re-open for Summer 2022. We hope to keep our camp community informed of our COVID Safety Plans as they develop, and work together with our families, staff, and volunteers to ensure we can safely re-open this summer.

Currently the state of the pandemic is quickly changing, and recommendations and regulations are being updated on a regular basis. For this reason, we will be holding off on finalizing our COVID Safety Plan for Summer 2022 until closer to the summer season. Over the coming months, we will be closely monitoring changes to public health regulations, Ontario Camps Association standards, and best practice recommendations from medical experts to inform our COVID Safety Plan.

As we launch our Summer 2022 Camper + Staff Applications, there are protocols that we are certain we will be implementing and would like our camp community to take note of. We will update this document as new protocols are confirmed, and we will be sure to share our COVID Safety Plan with the camp community once it is finalized.

If you have any questions or concerns in the meantime, please don't hesitate to contact us at campkirk@campkirk.com.

Latest Revision Date: February 8th, 2022

Confirmed COVID Protocols for Summer 2022

- Mandatory Vaccinations
 - To participate in the summer camp program, all staff, LITs, volunteers, and campers will be required to be vaccinated against COVID-19, in accordance with [Camp Kirk's Vaccine Policy](#).
- "2 out of 3" Rule
 - At all times, participants will be required to use at least 2 of the 3 following precautions when interacting with non-cabinmates:
 - Outdoors,
 - Masking, and/or
 - Physical distance (2+ metres apart)
- Increased Outdoor Time
 - Outdoors will be the preferred setting for all activities, including meal times. Two large event tents have been purchased to promote outdoor dining and program time.
- Increase Facility + Equipment Sanitization
 - We will be increasing our cleaning and sanitization schedules of all facilities for Summer 2022
